

OSPA RECYCLING BOOK DRIVE

The OSPA recycling Book Drive was a huge success! The hard work of OSPA members allowed over 2,500 children to have a special book of their own. A big THANKS goes out to OSPA book drive participants Shana McCormick, Christen Davis, Diane Pacella, Gina Wordsdall, Kelly Kowalski, and Stacey Ambrose. This hardworking group of OSPA members collected and donated books to many different locations. Books were donated to the Living Waters in Hamilton, Ohio who have a school tutoring program that serves a large Latino population. Books were also donated to immigrant populations served in Lakewood Ohio. Students of the Cleveland Metropolitan School District were recipients of OSPA book drive books. KAASP even designated some of their own funds to purchase new books to donate to the Cleveland Clinic Children's Hospital. I have seen the happiness these books have given to children. There is no better way to support reading skills than to provide books to students that otherwise would not have them. Congratulations to the hard working OSPA members who made this OSPA Public Relations Community Service Project happen!!

Laura Gabel, PR Co-Chair
